From Patrick Doyle, CEO of Scarlet Security Group:

"We've enjoyed numerous successes over the last few years growing and maturing, adding to our team, and taking on larger and more complex projects. We have a clear vision for the road ahead and I truly believe this addition will prove to be a significant milestone in our progression. Therefore, I am delighted to announce this transaction".

"After getting to know Scot Filer it was clear he cared where Lions Gate and his team members ended up. He did an amazing job of assembling an outstanding group of subject matter experts and a highly trained guard force, one of which is Doug Maynard who will continue in his critical role once the transaction is complete. Their philosophy and culture align perfectly with ours and will add value to current and future customers. I am extremely excited to work with and support Doug and his team".

From Scot Filer, CEO and founder of Lions Gate Risk Management Group:

"Lions Gate has established itself as a leader in our segment of the security industry, and Scarlet has done the same in theirs. Acquisitions, mergers, and strategic partnerships are part of the natural order of things. The agreement that Scarlet and Lions Gate have made is in the best interests of both companies, our employees, and our clients. I am very pleased to share this news and to contribute to the future success of Scarlet and Lions Gate."
